

54. Enthusiasm (1:23)

It's enthusiasm - seemed like to me – that should be a part of leadership too. That's positive thinking. Positive thinking yeah and pep talk with people even maybe when there's no reason to pep talk. No, you haven't gotten results yet ... yeah that's right but enthusiasm

Well, my (65er) class pretty much said you got the same enthusiasm you had the first day you walked into Mac Allister Hall. We had just picked you to be class advisor. You're the most enthusiastic guy we know.

That's pretty good stuff. Yeah, it pitches...I mean your voice - your tone of voice – the things you say- there's a lot of things that go with enthusiasm.

If a guy just won't say anything or doesn't respond very well it doesn't seem like to me (he could) be much of a leader.

I'll admit that I've been enthusiastic about the Coast Guard just like I was about your mom - most delightful person that ever existed.
